

Compensation in kind 2016

Users' Group Plenary
2/7/2015

Evolution of federal losses and coefficients of compensation in kind

Coefficients %

	2013	2014	2015	2016
PEAK	1,05%	1,20%	1,50%	1,35%
OFFPEAK / LONG OFFPEAK	1,00%	1,00%	1,25%	1,25%
WEEKEND	1,00%	1,05%	1,25%	

- **Peak hours: weekdays from 8am till 8pm**
 - **Long off peak hours: weekdays from 8pm till 8am and week-ends**
- For the first months of 2015, losses in the 380/220/150kV-grid are lower than expected in 2014. Due to a mild winter, the 380kV-grid was less stressed resulting in lower losses and a partial recovery of the cumulated deficit of compensation in kind.
 - The coefficients of 2016 will be set slightly lower.
